FAIRVIEW NEWS

By MRS. ELMER JOINER

Christmas came and left without any cold weather, seeming more like spring than Christmas time. Some of the men were stripping cotton, since it is so late and so much depends on the weather when you start trying to save what you have made all year. Cotton is not very good this year, the late bolls, that were the subject of so much speculation, did not mature and are just nuisances causing so much trouble in the gathering and ginning.

It seems that everyone had a nice Christmas, either going

somewhere or having company. The Family night and Christmas tree, with the program and distribution of gifts, was enjoyed by all those attending. Since several of the children participating in the program were two and three years old, it turned out to be a comedy, even though it was supposed to be serious. They all have to learn though, and maybe by next year they will understand better, and we all had a good laugh even though it was real cute.

Visitors for the Christmas program were, Mr. and Mrs. Monro's Tabb and their children, their daughter Linda, being in the program.

Mrs. George Waincott and her brother, W. T. McCright, made an early Christmas visit to Pecos, with another sister, Mrs. Chester Hudguth, Mrs. E. M. Bowlin from California, also a sister was present, who with their father T. N. McCright, made the family complete, for the first get together in several years. Mrs. Waincott and brother, came back by Odessa,

Wednesday, for lunch with her son, Mr. and Mrs. Nathan Stephens and family.

Wednesday night visitors of the Henry's were their granddaughter, Mr. and Mrs. Mack Sansing, and daughters, enroute from their home in Higgins, to her parents home in Elgin, Mr. and Mrs. W. C. Henry.

Mr. and Mrs. Joe R. Rosenbaum came down from Pampa, to spend Christmas with his parents, Mr. and Mrs. Fred Rosenbaum and her parents in Hamlin.

Taking Christmas dinner with the Winslow Grays were Mr. and Mrs. Marvin Johnson, Bruce and Barry, Amarillo, Dorothy, also of that city and Mr. and Mrs. M. S. Johnson. Afternoon visitors were, Mr. and Mrs. E. C. Gray, Anson, parents of Mr. Gray, a brother, Herman from Los Angeles, and a sister, Mr. and Mrs. Aubrey Skipper, Alvarado.

Saturday and Sunday guest of Dorothy Gray, was a friend, Marion George, Dallas, who was a visitor in church Sunday.

Mr. and Mrs. E. A. Henry spent Christmas in Midland with their son, Jimmy Henry, and family.

Mr. and Mrs. Elmer Joiner ate Christmas dinner with the J. E. McCoy's, in Hamlin. Other

or guests were Mr. McCoy's brother, Mr. and Mrs. D. A. McCoy, Suzanne and Sandy from Midland.

Connie, Della and Maude Drake, went to Albany Saturday, and had a late Christmas dinner with their cousin, Mr. and Mrs. J. S. Scott.

A former neighbor, and old time friends of the Drakes, Mr. and Mrs. T. W. Flennikin and Clyde, came out to visit the Drakes Christmas Eve, bringing some goodies to eat and sharing part of Clyde's birthday cake with them.

Mr. and Mrs. Jimmy Holmes and Melody, spent Christmas in this area, with his parents, Mr. and Mrs. Flavil Holmes, and her folks in Abilene. For Christmas Day the Holmes had all their children and grandchildren, Jimmy and family, and the Wrights.

Little Keenan and Randy Wright were on the ailing list Sunday and did not get to come to church.

Linda Goodwin was also on the sick list Sunday.

Mr. and Mrs. Raleigh Bond spent Christmas in Spur, as guests of one of his brothers.

The Kenneth Leverett family spent Christmas in Abilene, with her mother, Mrs. Tanner and Larry. Other visitors were Rev. and Mrs. J. E. Bagley, Abilene and the Stanley Jack-

son family, Hamlin.

The Ford family got together at H. L. Ford's home for Christmas. Those besides the H. L. Fords were, his parents Mr. and Mrs. Joe Ford, Mr. and Mrs. Joe E. Ford and children, Hamlin, and Mr. and Mrs. Willard Herrington and boys, Abilene.

Mr. and Mrs. Elmer Joiner had all of their children home for a late Christmas dinner on Saturday. Those attending were, Mr. and Mrs. Buck Joiner, Charles, Jerry and Susan, Odessa; Mr. and Mrs. Jimmy Joiner, Jeannie and Ronald, Stamford; Mr. and Mrs. Runt McCoy, Kay and Larry, Hamlin. Other guests were, Mr. and Mrs. Woodrow Goodwin and Linda and Corky Taylor, Rotan, who is on an emergency leave from the armed forces in Puerto Rico.

Kristy Leverett will celebrate her second birthday Thursday, which will be the last day of the year, making her a little tax exemption, two years ago.

The Woodrow Goodwins got moved enough Christmas Eve to spend the night in their new home, in south Hamlin. While everyone else was getting ready for Christmas, and hoping for a bad day, to help them move, it seems that Mrs. Goodwin and Linda had other

ideas, Christmas to them meant staying in the new home, so since the weather stayed pretty, they stayed busy moving, so by Christmas eve they managed to get the refrigerator up there at noontime, so they were in business, proving that where there is a will there is a way. The piano is still in the country, when they rest up they will probably move it too.

A call from Mrs. Henry Kee, of Lubbock, to her brother, Elmer Joiner, last Tuesday night told that her husband was in the hospital, threatening to have surgery, but a call Wednesday night was good news, he would go home Thursday morning without having to have surgery. Since Mr. Kee has had four operations in 6 years, this was a relief to all the family.

TAX MAN SAM SEZ:

The new Form 1040 for 1964 will be mailed out about Jan. 1. The new form has been completely revised. Page 1 of the 1040 looks about the same although there are several changes, but page 2 has one column for the itemized deductions, and on the left side of the page is a column for listing the income. Internal Revenue hopes to cut down on the number of pages most taxpayers will have to file. My good free advice is to read those instructions just

like your dollars depend on it— they do.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — A budget trimmed to fit available revenues, so there will be no need for new taxes or for doubling college tuition, was sent to members of the Texas Legislature by Gov. John Connally.

A \$96,000,000 surplus in the state's general revenue fund makes expansion possible without new taxes, said Connally. However, if the Legislature decides to grant the request of the Texas State Teachers Association for a \$45 a month pay raise for public school teachers, some new form of taxation will be necessary.

Connally's budget was hitched to his main thesis — that higher education needs to be improved. He urged the Legislature to pour many millions into the state's colleges and universities and the junior col-

lege system. But he said he would withdraw the recommendations for added spending for the 22 state colleges and universities if it is not accompanied by his proposal for re-organization.

Connally wants a strong central coordinating board, with authority to decide which colleges shall teach courses and to control their building programs. Unless such a board is created, the Governor said he will withdraw his proposal for higher salaries for college administrators and teachers, designed to bring them to \$11,000 a year average, or 10 per cent above the national figure.

Major changes in Connally's budget include (1) expansion of funds to increase vocational and technical training both in high schools and junior colleges; (2) more college buildings; (3) extension of parks and water-based recreation developments. All would be done with Federal matching funds.

In over-all figures, the present total state budget, including the 25 per cent which comes from Federal aid, is \$3,200,000,000. Connally suggests spending \$3,600,000,000 during the two years starting September 1, 1965.

LEGISLATIVE SESSION
In a way typical of the State's capital city, the holiday season has centered on the upcoming Legislature, which convenes on January 12.

The fact that Governor Connally and Lt. Gov. Preston Smith will not be inaugurated until January 26 — so Texans can attend President Johnson's inauguration on January 20 — will not delay any business. Both of us are incumbents and business will be "as usual," says Smith.

ROBERT LEE DAM HEARING

Parties for and against the Colorado River Municipal Water District's proposal to change its dam and reservoir site from Mitchell County to a point downstream near Robert Lee in Coke County will line up again on January 4 when the Texas Water Commission's hearing is resumed.

Commission opened its hearing on the hotly-contested application on December 14; recessed the next day so Sen. Charles Herring, attorney for the city of Austin and for the Lower Colorado River Authority, could attend his mother-in-law's funeral in El Campo; resumed the following day; then a day and a half later, recessed until after Christmas.

Application is supported by the district's member cities — Odessa, Snyder and Big Spring.

water from the proposed reservoir, and by the West Texas Chamber of Commerce.

It is strongly opposed by Austin and the LCRA; the Highland Lakes Association; some 50 water-rights holders in Runnels County, represented by Frank Erwin Jr. of Austin; and by the Mitchell County Commissioners' Court, represented by Charles Griggs of Sweetwater.

S. W. Freeze of Fort Worth, CRMWD's consulting engineer, for nearly two days of the first part of the hearing was the testifying witness. Freeze said he had never told anyone the Mitchell County dam site (already approved) was satisfactory. On the contrary, he told the water district it was unsatisfactory because of oilfield brine pollution problems.

But, stated Freeze, "At the time, it was the best we could get." He said a pollution problem does exist at the Robert Lee site. But it could be cured by mixing water from that reservoir with other water supplies.

EAGLE PASS CASE POSTPONED

J. W. Edgar, state education commissioner, postponed show-down hearings in an explosive Eagle Pass School District controversy until Dec. 7 after listening to two more days of testimony.

Controversy involves the firing of Supt. J. I. James last spring, the hiring of W. T. Poulos of Odessa, and subsequent rehiring of James and the ouster of Poulos following April 4 elections.

Attorneys for a citizens group here sharply questioned James about a variety of school finance, accounting and administrative practices. Poulos' appeal was heard last June 29-30. James apparently will get his turn to tell his side of the story at the third session with Dr. Edgar.

As many as nine attorneys have participated in the hearings.

RECEIVERSHIP SUIT FILED
J. N. Nutt, State Insurance Commissioner, instituted the first receivership of any significant size in recent months when initiated proceedings against Great American County Mutual Fire Insurance Co. of Lufkin.

Dist. Judge Herman Jones of Austin granted the State's application for temporary receivership. This was followed by resignation of several of the company's officers.

Nutt estimated that about 3,000 policies were active at the time court proceedings began.

The Story of Christmas was told at a program in the Old Glory School on Monday night December 14. After the program, the people of the community were invited into the main building to view the classroom doors, which had been appropriately decorated for Christmas.

Refreshments were served in the study hall by Miss Sadberry and the ladies in the Adult Homemaking Education class.

New Snows!

You can see by the car tracks that people are going places despite the heavy snows. Others, like you and me, perhaps, are going places because of it—because the new-fallen snow is beautiful and we want to enjoy it and look at the pictures it makes on the landscape. Also, that frosty, crackly wind that comes with the first snows blows roses in our cheeks and new energy and expectations into our hearts. We can't wait to get out and do things and be with people.

A New Year is upon us. What wonderful things this year can bring. Does the New Year lying before you, with its promise, fill you with new life and excited expectations like the new snow mentioned above?

May your New Year be a happy and prosperous one, and may you find great peace every day through worship and spiritual blessings each week through attending church.

Neinda Philosopher Reports, In A Round-About Way, What Sort of Year 1964 Was, 1965 Will Be

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 takes a look at a couple of years in his letter this week.

Dear editor:
"Well, what sort of year did you have?" a neighbor asked me as 1964 drew to a close.

Generally, I've found that the man who asks this question probably had a pretty good year himself, so I never let such people down. I just say, "Oh, I can't complain," and then give him a chance to report on theirs, which I figure was what was on their mind in the first place. Another thing I've found out is that people report a much better year when they're talking with people outside their own immediate family. The last thing a man wants to do is let his own folks know he had a good year, financially speaking.

Mrs. Johnson Hosts Service Class Yule Luncheon

Mrs. Robert Johnson was hostess to the Service Class of the First Baptist Church for a Christmas luncheon on Dec. 17.

Mrs. Albert Haught gave the devotional emphasizing the thought of "No Room for Jesus," following the luncheon.

Money was given to the Lotie Moon Christmas offering in place of having a gift exchange among the members. The Lotie Moon Christmas offering in missions.

Those present were: Mmes. Dave Herbst, W. R. Townsend, Minnie Mae Ball, W. E. C. Davis, Jessie Scott, LaFoy Patterson, Orbie Fannin, Mary Jones, Alice Willis, Carl Meyner, M. H. Castleberry, Albert Haught, and Tom Routh.

Card of Thanks
Our hearts are filled with deep gratitude for all the many acts of thoughtfulness by our many friends and Hamlin residents during my recent surgery and current convalescent period. Words are inadequate to express our sincerest thanks for the prayers, gifts, calls and services.

Pat Blinkinship and parents
We are thankful beyond measure for all of our good friends who helped us so much during our recent sadness. May we offer our humble thanks for your comfort and love and especially our thanks to the staff at Holiday Lodge and Dr. Hawkins.

The Family of
Mrs. Dave Maberry 11-1p
We are truly grateful to the good friends who did so much for us during the Christmas holidays. May we take this means of saying thank you.
The Alvin Conner family 11-1p

It'd be worse than a country on foreign aid announcing its gross national product was up 400 percent. You've got to remember, a family's rock-bottom, absolute basic needs always stay 10 percent ahead of what a man's making, regardless of what it is.

But what I really started out to say was what I thought the new year of 1965 will bring.

I know that there are trouble spots all over the world and nobody seems to know what to do about them, but this doesn't bother me because it's normal. Man's problems are always several jumps ahead of his ability to solve them.

My theory is that the amount of brains in one town is always

about equal to the amount of brains in any other town, and you carry this forward to nations, and you can see we never quite have the equipment we need. We get along, but the odds for total solution are always against us. And besides, if we solved all the problems we wouldn't know what to do with ourselves, although I'd be willing to try.

Therefore, my prediction is that 1965 will be about normal, although as to what exactly will take place throughout the world, I can't tell you. Me and the State Department haven't figured out yet what took place in 1964.

Yours faithfully,
J. A.

Stored Cotton Planting Seed Should Be Checked for Insects

If you are one of many producers who stores his own cotton planting seed, now is a good time to check this seed for stored grain insects.

Such pests as rice or corn weevils, lesser grain bores, granary weevils and Angoumois grain moths occasionally infest stored cottonseed, says Kirby Clayton, county agricultural agent. This is especially true if a large percentage of the seed is cracked or if seed is stored in infested bins.

Cottonseed should be stored only in bins that have been thoroughly cleaned of waste material such as old grain, trash or feed sacks. It is a good practice to sweep the ceiling and walls and clean the floor to remove hidden waste. Cracks should be covered to prevent seed from collecting, and waste grain, seed and other materials beneath or near the bins should be destroyed.

After the bins have been

cleaned, spray the inside surface with a 2½ percent solution of either methoxychlor or premium grade malathion. Claton points out, Methoxychlor is available both as a wettable powder and an emulsifiable concentrate.

Dusts also give satisfactory protection against these insect pests. Toxaphene, DDT or malathion can be mixed with the seed at a rate of two ounces per bushel.

Clayton warns that treated seed should never be crushed or used for feed. Additional information on treating and protecting stored cottonseed is available at the county Extension Office.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Christmas came and left without any cold weather, seeming more like spring than Christmas time. Some of the men were stripping cotton, since it is so late and so much depends on the weather when you start trying to save what you have made all year. Cotton is not very good this year, the late bolls, that were the subject of so much speculation, did not mature and are just nuisances causing so much trouble in the gathering and ginning.

It seems that everyone had a nice Christmas, either going

somewhere or having company. The Family night and Christmas tree, with the program and distribution of gifts, was enjoyed by all those attending. Since several of the children participating in the program were two and three years old, it turned out to be a comedy, even though it was supposed to be serious. They all have to learn though, and maybe by next year they will understand better, and we all had a good laugh even though it was real cute.

Visitors for the Christmas program were, Mr. and Mrs. Monro's Tabb and their children, their daughter Linda, being in the program.

Mrs. George Wainwright and her brother, W. T. McCright, made an early Christmas visit to Pecos, with another sister, Mrs. Chester Hudgeth. Mrs. E. M. Bowlin from California, also a sister was present, who with their father T. N. McCright, made the family complete, for the first get together in several years. Mrs. Wainwright and brother, came back by Odessa,

Wednesday, for lunch with her son, Mr. and Mrs. Nathan Stephens and family.

Wednesday night visitors of the Henry's were their granddaughter, Mr. and Mrs. Mack Sansing, and daughters, enroute from their home in Higgins, to her parents home in Elgin, Mr. and Mrs. W. C. Henry.

Mr. and Mrs. Joe R. Rosenbaum came down from Pampa, to spend Christmas with his parents, Mr. and Mrs. Fred Rosenbaum and her parents in Hamlin.

Taking Christmas dinner with the Winslow Grays were Mr. and Mrs. Marvin Johnson, Bruce and Barry, Amarillo, Dorothy, also of that city and Mr. and Mrs. M. S. Johnson. Afternoon visitors were, Mr. and Mrs. E. C. Gray, Anson, parents of Mr. Gray, a brother, H e r m a n from Los Angeles, and a sister, Mr. and Mrs. Aubrey Skipper, Alvarado.

Saturday and Sunday guests of Dorothy Gray, was a friend, Marion George, Dallas, who was a visitor in church Sunday.

Mr. and Mrs. E. A. Henry spent Christmas in Midland with their son, Jimmy Henry, and family.

Mr. and Mrs. Elmer Joiner ate Christmas dinner with the J. E. McCoy's, in Hamlin. Other

er guests were Mr. McCoy's brother, Mr. and Mrs. D. A. McCoy, Suzanne and Sandy from Midland.

Connie, Della and Maude Drake, went to Albany Saturday, and had a late Christmas dinner with their cousin, Mr. and Mrs. J. S. Scott.

A former neighbor, and old time friends of the Drakes, Mr. and Mrs. T. W. Fleniklin and Clyde, came out to visit the Drakes Christmas Eve, bringing some goodies to eat and sharing part of Clyde's birthday cake with them.

Mr. and Mrs. Jimmy Holmes and Melody, spent Christmas in this area, with his parents, Mr. and Mrs. Flavil Holmes, and her folks in Abilene. For Christmas Day the Holmes had all their children and grandchildren, Jimmy and family, and the Wrights.

Little Keanan and Randy Wright were on the ailing list Sunday and did not get to come to church.

Linda Goodwin was also on the sick list Sunday.

Mr. and Mrs. Raleigh Bond spent Christmas in Spur, as guests of one of his brothers.

The Kenneth Leverett family spent Christmas in Abilene, with her mother, Mrs. Tanner and Larry. Other visitors were Rev. and Mrs. J. E. Bagley, Abilene and the Stanley Jack-

son family, Hamlin.

The Ford family got together at H. L. Ford's home for Christmas. Those besides the H. L. Fords were, his parents Mr. and Mrs. Joe Ford, Mr. and Mrs. Joe E. Ford and children, Hamlin, and Mr. and Mrs. Willard Herrington and boys, Abilene.

Mr. and Mrs. Elmer Joiner had all of their children home for a late Christmas dinner on Saturday. Those attending were, Mr. and Mrs. Buck Joiner, Charles, Jerry and Susan, Odessa; Mr. and Mrs. Jimmy Joiner, Jeannie and Ronald, Stamford; Mr. and Mrs. Runt McCoy, Kay and Larry, Hamlin. Other guests were, Mr. and Mrs. Woodrow Goodwin, and Linda and Corky Taylor, Rotan, who is on an emergency leave from the armed forces in Puerto Rico.

Kristy Leverett will celebrate her second birthday Thursday, which will be the last day of the year, making her a little tax exemption, two years ago.

The Woodrow Goodwins got moved enough Christmas Eve to spend the night in their new home, in south Hamlin. While everyone else was getting ready for Christmas, and hoping for a bad day, to help them move, it seems that Mrs. Goodwin and Linda had other

Meat, Christmas to them meant staying in the new home, so since the weather stayed pretty, they stayed busy moving, so by Christmas eve they managed to get the refrigerator up there at noontime, so they were in business, proving that where there is a will there is a way. The piano is still in the country, when they rest up they will probably move it too.

A call from Mrs. Henry Kee, of Lubbock, to her brother, Elmer Joiner, last Tuesday night told that her husband was in the hospital, threatening to have surgery, but a call Wednesday night was good news, he would go home Thursday morning without having to have surgery. Since Mr. Kee has had four operations in 6 years, this was a relief to all the family.

TAX MAN SAM SEZ:

The new Form 1040 for 1964 will be mailed out about Jan. 1. The new form has been completely revised. Page 1 of the 1040 looks about the same although there are several changes, but page 2 has one column for the itemized deductions, and on the left side of the page is a column for listing the income. Internal Revenue hopes to cut down on the number of pages most taxpayers will have to file. My good free advice is to read those instructions just

like your dollars depend on it—they do.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — A budget trimmed to fit available revenues, so there will be no need for new taxes or for doubling college tuition, was sent to members of the Texas Legislature by Gov. John Connally.

A \$96,000,000 surplus in the state's general revenue fund makes expansion possible without new taxes, said Connally. However, if the Legislature decides to grant the request of the Texas State Teachers Association for a \$45 a month pay raise for public school teachers, some new form of taxation will be necessary.

Connally's budget was hitched to his main thesis — that higher education needs to be improved. He urged the Legislature to pour many millions into the state's colleges and universities and the junior col-

lege system. But he said he would withdraw the recommendations for added spending for the 22 state colleges and universities if it is not accompanied by his proposal for re-organization.

Connally wants a strong central coordinating board, with authority to decide which colleges shall teach courses and to control their building programs. Unless such a board is created, the Governor said he will withdraw his proposal for higher salaries for college administrators and teachers, designed to bring them to \$11,000 a year average, or 10 per cent above the national figure.

Major changes in Connally's budget include (1) expansion of funds to increase vocational and technical training both in high schools and junior colleges; (2) more college buildings; (3) extension of parks and water-based recreation developments. All would be done with Federal matching funds.

In over-all figures, the present total state budget, including the 25 per cent which comes from Federal aid, is \$3,200,000,000. Connally suggests spending \$3,600,000,000 during the two years starting September 1, 1965.

LEGISLATIVE SESSION
In a way typical of the State's capital city, the holiday season has centered on the upcoming Legislature, which convenes on January 12.

The fact that Governor Connally and Lt. Gov. Preston Smith will not be inaugurated until January 26 — so Texans can attend President Johnson's inauguration on January 20 — will not delay any business. Both of us are incumbents and business will be "as usual," says Smith.

ROBERT LEE DAM HEARING
Parties for and against the Colorado River Municipal Water District's proposal to change its dam and reservoir site from Mitchell County to a point downstream near Robert Lee in Coke County will line up again on January 4 when the Texas Water Commission's hearing is resumed.

Commission opened its hearing on the hotly-contested application on December 14; recessed the next day so Sen. Charles Herring, attorney for the city of Austin and for the Lower Colorado River Authority, could attend his mother-in-law's funeral in El Campo; resumed the following day; then a day and a half later, recessed until after Christmas.

Application is supported by the district's member cities — Odessa, Snyder and Big Spring.

water from the proposed reservoir, and by the West Texas Chamber of Commerce.

It is strongly opposed by Austin and the LCRA; the Highland Lakes Association; some 50 water-rights holders in Runnels County, represented by Frank Erwin Jr. of Austin; and by the Mitchell County Commissioners' Court, represented by Charles Griggs of Sweetwater.

S. W. Freese of Fort Worth, CRMWD's consulting engineer, for nearly two days of the first part of the hearing was the testifying witness. Freese said he had never told anyone the Mitchell County dam site (already approved) was satisfactory. On the contrary, he told the water district it was unsatisfactory because of oilfield brine pollution problems.

But, stated Freese, "At the time, it was the best we could get." He said a pollution problem does exist at the Robert Lee site. But it could be cured by mixing water from that reservoir with other water supplies.

EAGLE PASS CASE POSTPONED

J. W. Edgar, state education commissioner, postponed show-down hearings in an explosive Eagle Pass School District controversy until Dec. 7 after listening to two more days of testimony.

Controversy involves the firing of Supt. J. L. James last spring, the hiring of W. T. Poulos of Odessa, and subsequent rehiring of James and the ouster of Poulos following April 4 elections.

Attorneys for a citizens group here sharply questioned James about a variety of school finance, accounting and administrative practices. Poulos' appeal was heard last June 29-30. James apparently will get his turn to tell his side of the story at the third session with Dr. Edgar.

As many as nine attorneys have participated in the hearings.

RECEIVERSHIP SUIT FILED
J. N. Nutt, State Insurance Commissioner, instituted the first receivership of any significant size in recent months when initiated proceedings against Great American County Mutual Fire Insurance Co. of Lufkin.

Dist. Judge Herman Jones of Austin granted the State's application for temporary receivership. This was followed by resignation of several of the company's officers.

Nutt estimated that about 3,000 policies were active at the time court proceedings began.

Gholsen and Lois Myers. Mrs. Garrett Spitzer will have the next meeting at her home Jan. 12, 1965 at 2:00 p.m.

Mr. and Mrs. T. W. Jennings and son, Tim were honored at their new home with a house warming on Sat. night, Dec. 19, as a group of friends surprised them with gifts and refreshments. The Jennings family recently moved from the old ranch house into a new one on Rayner Ranch. Their other son, Ted, and his wife, Mary, from Seymour were present for the gala occasion. Games were played.

Mrs. J. C. King, her son Eddie and his wife and daughter, Kelley, all from San Angelo, spent last Friday night in the home of Mr. and Mrs. Lynn Flowers.

Mr. and Mrs. Pete Elliott of Arlington spent last week end here visiting her parents, Mr. and Mrs. Herbert Klump and her sister and family, the Allen Letzs.

The Gene Linders of Abilene were guests in the home of Mr. and Mrs. Lynn Flowers last Sunday.

Last Monday night Old Glory girls basketball team went to Lueders. Lueders girls won the game 52-47. Nancy Vahlenkamp was the high point girl for Old Glory with 25.

New Snows!

You can see by the car tracks that people are going places despite the heavy snows. Others, like you and me, perhaps, are going places because of it—because the new-fallen snow is beautiful and we want to enjoy it and look at the pictures it makes on the landscape. Also, that frosty, crackly wind that comes with the first snows blows roses in our cheeks and new energy and expectations into our hearts. We can't wait to get out and do things and be with people.

A New Year is upon us. What wonderful things this year can bring. Does the New Year lying before you, with its promise, fill you with new life and excited expectations like the new snow mentioned above?

May your New Year be a happy and prosperous one, and may you find great peace every day through worship and spiritual blessings each week through attending church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Reports, In A Round-About Way, What Sort of Year 1964 Was, 1965 Will Be

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 takes a look at a couple of years in his letter this week.

Dear editor: "Well, what sort of year did you have?" a neighbor asked me as 1964 drew to a close.

Generally, I've found that the man who asks this question probably had a pretty good year himself, so I never let such people down. I just say, "Oh, I can't complain," and then give him a chance to report on theirs, which I figure was what was on their mind in the first place. Another thing I've found out is that people report a much better year when they're talking with people outside their own immediate family. The last thing a man wants to do is let his own folks know he had a good year, financially speaking.

Mrs. Johnson Hosts Service Class Yule Luncheon

Mrs. Robert Johnson was hostess to the Service Class of the First Baptist Church for a Christmas luncheon on Dec. 17. Mrs. Albert Haught gave the devotional emphasizing the thought of "No Room for Jesus," following the luncheon.

Money was given to the Lotie Moon Christmas offering in stead of having a gift exchange among the members. The Lotie Moon Christmas offering in missions.

Hairpin Sinker Holder Clip sinkers onto your line through a woman's hairpin. If the sinker gets hung on the bottom, a slight pull will open the wire, leaving the sinker behind. But you can rescue the rest of the rigging.

Improvised Lure For catching bluegills and other small fish, improvise a lure by wrapping a pipe cleaner around a long-shank hook. Nifty on a fly rod, or even a spinning rod when a split-shot sinker is added to the line.

CARD OF THANKS

Our hearts are filled with deep gratitude for all the many acts of thoughtfulness by our many friends and Hamlin residents during my recent surgery and current convalescent period. Words are inadequate to express our sincerest thanks for the prayers, gifts, calls and services.

Pat Blinkinship and parents We are thankful beyond measure for all of our good friends who helped us so much during our recent sadness. May we offer our humble thanks for your comfort and love and especially our thanks to the staff at Holiday Lodge and Dr. Hawkins.

It'd be worse than a country on foreign aid announcing its gross national product was up 400 percent. You've got to remember, a family's rock-bottom, absolute basic needs always stay 10 percent ahead of what a man's making, regardless of what it is.

But what I really started out to say was what I thought the new year of 1965 will bring.

I know that there are trouble spots all over the world and nobody seems to know what to do about them, but this doesn't bother me because it's normal. Man's problems are always several jumps ahead of his ability to solve them.

My theory is that the amount of brains in one town is always

about equal to the amount of brains in any other town, and you carry this forward to nations, and you can see we never quite have the equipment we need. We get along, but the odds for total solution are always against us. And besides, if we solved all the problems we wouldn't know what to do with ourselves, although I'd be willing to try.

Therefore, my prediction is that 1965 will be about normal, although as to what exactly will take place throughout the world, I can't tell you. Me and the State Department haven't figured out yet what took place in 1964.

Yours faithfully, J. A.

Stored Cotton Planting Seed Should Be Checked for Insects

If you are one of many producers who store their own cotton planting seed, now is a good time to check this seed for stored grain insects.

Such pests as rice or corn weevils, lesser grain bores, granary weevils and Angoumois grain moths occasionally infest stored cottonseed, says Kirby Clayton, county agricultural agent. This is especially true if a large percentage of the seed is cracked or if seed is stored in infested bins.

Cottonseed should be stored only in bins that have been thoroughly cleaned of waste material such as old grain, trash or feed sacks. It is a good practice to sweep the ceiling and walls and clean the floor to remove hidden waste. Cracks should be covered to prevent seed from collecting, and waste grain, seed and other materials beneath or near the bins should be destroyed.

After the bins have been

Hamlin High School, will receive his degree in agricultural economics.

cleaned, spray the inside surface with a 2½ percent solution of either methoxychlor or premium grade malathion, Clayton points out. Methoxychlor is available both as a wettable powder and an emulsifiable concentrate.

Dusts also give satisfactory protection against these insect pests. Toxaphene, DDT or malathion can be mixed with the seed at a rate of two ounces per bushel.

Clayton warns that treated seed should never be crushed or used for feed. Additional information on treating and protecting stored cottonseed is available at the county Extension Office.

Bible Study Sessions Planned at First Baptist Church

Special Bible Study sessions will be held at the First Baptist Church here Jan. 3-13, according to the music-education director, Bill Keck. This series of lessons is in cooperation with the denominational calendar of Southern Baptists by which an annual emphasis on a particular book of the Bible is encouraged. The basic book for discussion this year is Deuteronomy.

Classes are scheduled as follows: Sunday, Jan. 3, 6:15-7:15 p.m., Monday, Jan. 7, 7-9 p.m.; Wednesday, Jan. 6, 7:30-8:15

Sunday, Jan. 10, 6:15-7:15 p.m.; and Wednesday, Jan. 13, 7:30-8:15 p.m.

The teachers and text books are: Mrs. C. L. Howard, nursery, "Daytime and Nighttime," Mrs. Troy Austin, primaries, "Good Times at Church," Mrs. V. M. Wallace, junior, "The Story of Samuel," Mrs. Leldon Clifton, juniors, "Before Jesus Came," Mrs. Bill Shira, intermediates, "Exploring the Old Testament"; Rev. Bryon Bryant will teach adults and young people, "Deuteronomy."

Awards will be issued to all who meet the requirements of study as stipulated by the Southern Baptist Convention. This is in keeping with the "Church Study Course" program of the Southern Baptist Convention. Such studies were largely responsible for the recent recognition received by the First Baptist Church as an Advanced Sunday School.
